

# Working for all our people

## Working for a Fairer Wales

**Plaid Cymru want a Wales in which everybody has the opportunity to reach their potential and make their own life choices. To achieve this, we will aim to reduce the gap in terms of equality of opportunity and life-chances that currently exist in Wales.**

Plaid Cymru is committed to human rights. We are a party that celebrates diversity and wants to create a fair and equal society in which difference is respected. We believe that everybody, regardless of their characteristics or background, has a place in Wales' future.
