## Rural Affairs

“As the cost of living crisis bites it is clearer than ever that rural communities throughout Wales are struggling. Plaid Cymru are determined to help communities who face some of the highest energy and fuel prices. Our plans are about not just about delivering for one area but about delivering for the whole of Wales.”

*Hywel Williams* Plaid Cymru candidate for Arfon

Plaid Cymru recognises the importance of rural life, and the different challenges faced by our rural communities. We want to ensure that families can enjoy the benefits of living in the countryside while reducing any difficulties.
