

# Jobs for all

## Our commitment to you:

*Whatever stage of life you are at – whether you're looking for your first job out of school, or coming to the end of your career – we will work to help you enjoy the satisfaction and rewards of a decent job. We will:*

- *help businesses to **create two million new jobs**, so we achieve full employment*
- *give businesses **the most competitive taxes of any major economy***
- *back small firms with **a major business rates review***
- *support **three million new apprenticeships**, so young people acquire the skills to succeed*

If you want to live in the most vibrant and dynamic country in the world, this election matters. Only the Conservatives have the vision, the optimism, the ambition and the discipline to transform Britain. That's because we know that a decent job is the best weapon against poverty and the best way to provide security for families.

the next Parliament. We will abolish long-term youth unemployment, and make sure that all young people are either earning or learning. And we will make our economy more inclusive, by removing barriers that stop women and disabled people from participating in our workforce.

Britain has created more jobs than the rest of the EU put together since 2010

*A job is the best way to provide security for families*

Thanks to the success of our long-term economic plan, Britain is creating more jobs than the 27 other countries of the European Union put together. That means more people with the security of a regular pay packet. Over the past five years, 1.9 million new jobs have been created; 1,000 jobs for every single day that we have been in government.

This represents a transformation in many people's lives; giving families more security; boosting the self-esteem of young people taken on; and providing hope for those who have been unemployed for years.

But we need to go further. We have set out the bold aim of achieving full employment, with the highest employment rate of any major economy. We want Britain to be the best place in the world to start a business and will create another two million jobs over

To achieve this, we will back British businesses: cutting red tape, lowering taxes on jobs and enterprise, getting young people into work, boosting apprenticeships and investing in science and technology. With the Conservatives, Britain will be the best place in Europe to innovate, patent new ideas and set up and expand a business. We aim to be number one in Europe and in the top five worldwide in the World Bank's Doing Business rankings by 2020 and to lead Europe in attracting foreign investment.

Backing business also means helping our farmers and our rural communities. Neglected for 13 years under Labour, we have started the process of championing and connecting up the countryside. In the coming years, we will go further, helping our farmers, supporting British food around the world and opening up new export markets.
